Subject: NIPSCO Bailey update

Hi Stephen and Amy,

I wanted to give you a heads up that I learned from my colleague, Michelle Kaysen, in the RCRA C corrective action program, that the Region will be moving forward in the next week or so with a final decision on the remedies for Area C of the NIPSCO Bailey site. If you have any questions about that action, I've cc'd Michelle on this email.

Can you remind us of the status of IDEM's review/approval of the closure plan for the units that are also regulated by the federal CCR rule?

I hope you both enjoy the holiday weekend and have a happy 4th of July!
